2. Haikou Guilinyang International Tropical Agriculture Park

Project

Project Name	Haikou Guilinyang International Tropical Agriculture Park Project
---------------------	--

<p style="text-align: center;">Project Overview</p>	<p>The Guilinyang International Tropical Agriculture Park Project is a major project implemented by Hainan Province during the “Thirteenth Five-Year Plan”, the first of the eight industrial parks undertaken by the Hainan State Farms under the “Eight Eight” Strategy and a core industrial park in Hainan “Agricultural High-tech Industry Demonstration Zone”. The Agriculture Park covers a total planned area of about 770 hectares in Jiangdong New District, with 1,200 mu mostly as land for commercial construction. In the park, the PPP (Phase I) projects have consumed about 192 mu of construction land while the self-invested project and some PPP (Phase I) projects have consumed 1,552.27 mu of agricultural land. The unused 1,008 mu of construction land and 8,798 mu of agricultural land (including more than 7,000 mu of basic farmland) will be used for the construction of an agriculture park (Phase II). After the release of regulatory detailed planning, the 1,200 mu of construction land will be acquired by bidding, auction or public granting while the 10,350.27 mu of agricultural land (including more than 7,000 mu of basic farmland) will be acquired by leasing. So far, 4,502.27 mu of land has been delivered, and land leasing contracts have been signed for 3,302.27 mu while the remaining 1,200 mu of construction land is to be delivered by bidding, auction or public granting. According to the plan, a total of more than RMB10 billion was invested in the project to build it into a national tropical agriculture park that boasts an agricultural theme, agricultural landscape, agricultural science and technology and agricultural experience according to the standard for national AAAAA-grade intelligent tourist attraction construction.</p> <p>The Agriculture Park opened on February 8th, 2018. Completed projects in the park fall into two categories: PPP (Phase I) projects and self-invested projects. The PPP (Phase I) projects include the Agricultural DreamWorks, the Ecological Parking Lot on the north side of the DreamWorks, the Beautiful Village (Gaoshan Village), the Tourist Service Center at the west entrance, the Landscape Works at the west entrance, the Supporting Municipal Road in the pilot area, and the Service Center at the north entrance. The self-invested projects include the Shared Farmstead (Sample), the Shared Vegetable Garden, the Ecological Tropical New Orchard, the Road Network and River System, the Supporting Eco-tourism Service Facilities at the west entrance, the Science Popularization Park Fine Decoration Project, and the Heating Ventilation Air Conditioning Installation Project.</p>
<p style="text-align: center;">Project Site</p>	<p>Xingyang Avenue, Guilinyang Economic Development Zone, Haikou</p>

Total Project Cost	About USD10 billion
Cooperation Mode	Investment in full or equity participation, with several management models adopted, including independent management, cooperative management and entrusted management.
Panoramic Photo (Project Rendering)	 An aerial project rendering of a large-scale urban and agricultural development project. The image shows a vast area with a grid-like road network, green agricultural fields, and a central urban core with buildings and infrastructure. A prominent blue waterway or canal system winds through the landscape. The overall scene is presented in a semi-transparent, glowing style against a light background.

3. Changjiang RV Camp Project

Project Name	Changjiang RV Camp Project
Project Overview	<p>Changjiang is located in west-northwest Hainan, surrounded by mountains and the sea. It boasts a beautiful environment and abounds in tourism resources, including the Qizi Bay Tourist Holiday Resort and the Qicha Town Bawang Mountain, which are listed among the 17 key scenic spots to be constructed on the Hainan International Tourism Island. As Changjiang's traffic network is improved, there is a quickly increasing demand for self-driving, camping and RV tour. Commercial facilities, including a self-driving tour camp, a RV camp, a tent camp, a supporting parking lot, toilets, charging piles and bathrooms, will be built in the Qizi Bay and Bawang Mountain ecological fields.</p>
Project Site	Qizi Bay Tourist Holiday Resort and Bawang Mountain Ecological Parking Lot
Total Project Cost	RMB150 million
Cooperation Mode	Joint venture, cooperation or sole proprietorship.

4. Kapok Fishing & Healthcare Tourist Mountain Villa, Baoying Village, Qicha Town, Changjiang County

Project Name	Kapok Fishing & Healthcare Tourist Mountain Villa, Baoying Village, Qicha Town, Changjiang County
Project Overview	Baoying Village is located in the Bawang Mountain Nature Reserve, 9km away from the core area of the Nature Reserve, about 25km away from the town government, 23km away from the Gibbon Sanctuary and 60km away from the Qizi Bay. According to the development planning for the construction of “two areas, one belt and one center”, Baoying Village will be built into a boutique village with Li characteristics to achieve diversification of economic development and tourism services. By attracting more tourists and increasing the villagers’ economic income, the village will be developed into a beautiful village featured by (fast economic development, high farmer income, beautiful village environment, excellent ecological environment, strong culture and harmonious atmosphere”.
Project Site	Baoying Village, Qicha Town, Changjiang County.
Total Project Cost	USD50 million and 100 mu of construction land.
Cooperation Mode	Joint venture, cooperation or sole proprietorship.

5. Red Kapok Scenic Spot in Nixia Village, Qicha Town, Changjiang

County

Project Name	Red Kapok Scenic Spot in Nixia Village, Qicha Town, Changjiang County
Project Overview	<p>The Red Kapok Scenic Spot, located near the Changhua River, is under the jurisdiction of Nixia Village Committee, Qicha Town. When kapok is in full bloom in February to March every year, both banks of the river are embellished with enchanting green trees and red flowers, making the area a rare place for enjoying kapok. The scenic spot is near the Changhua River, which has a wide but tranquil surface. While enjoying flowers in a boat on green water, tourists can see verdant plants and trees on both banks of the river, where there are also typical karst caves formed from karst rocks deposited during the change of landform. Of the caves, the “Love Cave” and “Xinchong Cave”, which carry legendary stories with Li features, have potential for tourism development. They are important resources for water and land tourism in Qicha. The area will be built into a comprehensive kapok-themed rural leisure tourist attraction that features kapok love, kapok knowledge popularization, kapok appreciation, leisure wellness and folklore performance.</p>
Project Site	Baoying Village, Qicha Town, Changjiang County
Total Project Cost	USD50 million and 100 mu of construction land.
Cooperation Mode	Joint venture, cooperation or sole proprietorship.

6. Red Kapok Cultural Art Park in Baoshan Village, Qicha Town, Changjiang County

Project Name	Red Kapok Cultural Art Park in Baoshan Village, Qicha Town, Changjiang County
Project Overview	Qicha Town is named Qicha Kapok Rainforest Town by the government. Baoshan Village abounds in high-quality tourism resources and boasts a typical tropical monsoon climate, which keeps it pleasantly warm like spring all the year round in abundant sunshine. There is a stream flowing through the village, surrounded by a carpet of flowers, jagged rocks of grotesque shapes and kapok trees, looking picturesque. The “Kapok Terrace”, a representative of the beautiful views in “Changjiang, the hometown of Chinese kapok”, is located in Baoshan Village, the “best land of kapok in Changjiang, the No.1 county native to home to kapok”. The project is aimed at building a comprehensive kapok-themed rural leisure park that features kapok culture, kapok knowledge popularization, kapok appreciation, kapok art photography, rural scenery, folk culture experience and performance.
Project Site	Baoying Village, Qicha Town, Changjiang County
Total Project Cost	USD50 million and 100 mu of construction land.
Cooperation Mode	Joint venture, cooperation or sole proprietorship.

7. Wenchang Coastal Tourist Holiday Resort Project

<p>Project Name</p>	<p>Wenchang Coastal Tourist Holiday Resort Project</p>
<p>Project Overview</p>	<p>The resort covers an area of about 98 mu and borders on the east coast, where there are convenient traffic conditions and a beautiful natural environment suitable for a relaxing vacation. Tourist hotels, meeting hotels, a catering service area, recreation area, healthcare area, sports area and parking lot will be built in the resort based on the high-quality local tourism resources and beautiful marine environment to provide tourists with a place of coconut breezes and sea waves for temperament cultivation and offer business people a place where they can hold meetings and take a rest. Wenchang has abundant tourism resources, profound cultural heritage and unique natural scenery. With the advancement of the construction of the Hainan Free Trade Zone (Port) and the Hainan Wenchang International Sky City, more and more tourists come to Hainan, making the leisure and resort industry promising.</p>
<p>Project Site</p>	<p>Located to the east of Agile Property in Moon Bay Pilot Area, Changsa Town</p>
<p>Total Project Cost</p>	<p>RMB490 million</p>

8. Wenchang Moon Bay Sightseeing Business Service Project

Project Name	Wenchang Moon Bay Sightseeing Business Service Project
Project Overview	<p>The North Moon Bay Pilot Area is located in the northeast coast of Hainan Province, in Changsa Town, Northeast Wenchang City, bounded by the Copper Drum Mountain International Eco-tourism Area. The planning area is close to the vast South China Sea in the east, to Changsa Town in the west and to the Copper Drum Mountain Moon Bay in the south. After completion, the “two bridges and one road” in Wenchang and the Copper Drum Mountain International Eco-tourism Area will provide important support for the development and construction of the North Moon Bay Pilot Area and bring about new development opportunities. The project aims to build a high-end tourism business service area with business service facilities, such as sports, healthcare and recreation facilities, at the core and sightseeing, coastal holiday tour and healthcare services as a supplement. It covers an area of about 118 mu. After the completion of the construction of “two bridges and one road”, the Moon Bay Area will be closely connected to the provincial capital. Its change is obvious to people and development prospect is bright. The large number of immigrants shows that it will soon begin to achieve rapid development.</p>
Project Site	North Moon Bay Pilot Area

Total Project Cost	RMB572 million
Cooperation Mode	Sole proprietorship

9. Wanning Xinglong Southeast Asia Folklore Garden Project

Project Name	Xinglong Southeast Asia Folklore Garden Project
Project Overview	<p>First, project background: Xinglong, well-known for its unique returned overseas Chinese culture, rich tropical plants, hot springs and coffee, etc., is an important part of Hainan's tourism industry; inhabited by returned overseas Chinese from 21 countries and regions, the area is uniquely positioned to become an excellent tourist town in China. Second, planned area and construction content: the project covers an area of about 350 mu according to planning. The project aims to build a fashionable recreational center for youths with romantic Southeast Asia-style leisure and recreation facilities, such as Thai Village, Indonesian Village, Malay Village, Southeast Asia Village and Culture and Art Center, to be built in response to the Hainan Free Trade Zone (Port). Third, Project advantages: the Xinglong Overseas Chinese Farm is inhabited by returned overseas Chinese from countries and regions. They have brought life customs and cultures of different countries and regions. The area boasts a strong flavor of Southeast Asia and is honored as "Mini-UN". It is an important part of Xinglong's overseas Chinese tourism culture and a unique tourism resource in Xinglong.</p>
Project Site	The Xinglong Health Tourism Industrial Park, located between two core tourist cities of Hainan, is 174.5km away from the provincial capital Haikou in the north, 107.4km away from the famous tourist city Sanya in

	the south, and less than 100km away from the airport. The Hainan East Expressway and High-speed Railway run through the park.
Total Project Cost	RMB2 billion
Cooperation Mode	Joint venture, cooperation, sole proprietorship

10. Wanning Xinglong Phoenix Mountain Low-altitude Rainforest Park Project

Project Name	Phoenix Mountain Low-altitude Rainforest Park Project
Project Overview	<p>First, project background: The “Greater Xinglong” Area has superior resource conditions and a good development foundation. The “Greater Xinglong” Area and Boao Asian Forum Special Planning Area are two major regional comprehensive tourist holiday resorts in the east. The two coastal tourist holiday resorts form a larger mountainous and marine tourist attraction with the natural mountains in the west. Second, planning scope and construction content: the project covers an area of about 45,000 mu according to planning and Phase I covers a building area of about 200 mu; construction content: service areas such as healthcare and leisure, tropical rainforest sightseeing, Southeast Asian style, folk culture and shopping center. Third, project advantage: the Xinglong Overseas Chinese Tourist Economic Zone is an important hometown of overseas Chinese in Hainan and a famous tourist area in Hainan, hailed as a “Bright Pearl on the Oriental Hawaii”. The Xinglong Phoenix Mountain is 150m above mean sea level and contains a well-preserved virgin tropical rainforest that covers an area of 70,000 mu. It was honored as the “best-preserved low-altitude virgin tropical rainforest in China” by experts at the Kadoorie Farm, Hong Kong. The project has been named a national tropical rainforest park by the State Forestry Administration.</p>

Project Site	The Xinglong Health Tourism Industrial Park, located between two core tourist cities of Hainan, is 174.5km away from the provincial capital Haikou in the north, 107.4km away from the famous tourist city Sanya in the south, and less than 100km away from the airport. The Hainan East Expressway and High-speed Railway run through the park.
Total Project Cost	To be determined
Cooperation Mode	Joint venture, cooperation, sole proprietorship
Panoramic Photo (Project Rendering)	
Contacts	Contact Person: Ou Xianning Phone: 13178900688

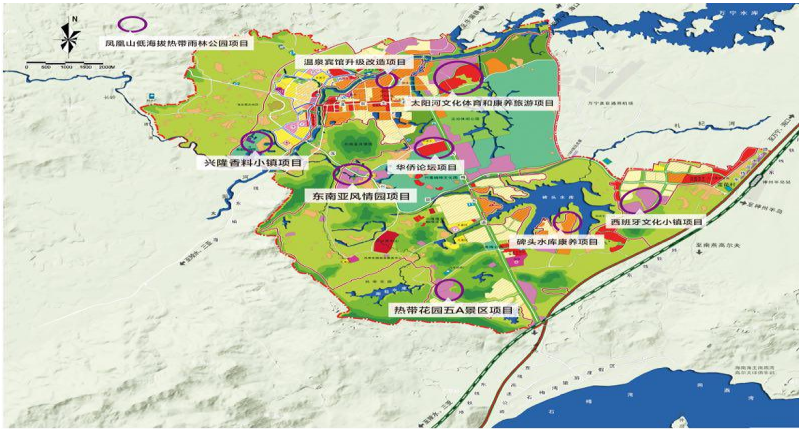

11. Wanning Xinglong Spanish Culture Project

Project Name	Spanish Culture Project
Project Overview	<p>First, project background: Wanning Xinglong Cultural Tourism City will be built in the Hainan Free Trade Zone (Port) to drive the development of industries such as cultural and sports tourism and shopping activities. After completion, the project will fill the gap of sports development and bring into being a new tourism pattern in Xinglong. Second, land use scale and construction content: the project covers an area of about 550 mu according to planning. The main construction contents include Spanish culture, Spanish bullfighting competition, art performance and tourism. Third, project advantages: Xinglong teems with geothermal mineral springs, which can be used for hot spring baths. The geothermal mineral springs in Xinglong are “rare in the world and unique in Hainan”. In 1993, Xinglong was approved as an Overseas Chinese tourist resort by the provincial government. It was the first hot spring-themed tourist area to be developed on the island; it is a national 4A-grade tropical garden.</p>

<p>Project Site</p>	<p>The Xinglong Health Tourism Industrial Park, located between two core tourist cities of Hainan, is 174.5km away from the provincial capital Haikou in the north, 107.4km away from the famous tourist city Sanya in the south, and less than 100km away from the airport. The Hainan East Expressway and High-speed Railway run through the park.</p>
<p>Total Project Cost</p>	<p>About USD1 billion</p>
<p>Cooperation Mode</p>	<p>Joint venture, cooperation, sole proprietorship</p>
<p>Panoramic Photo (Project Rendering)</p>	
<p>Contacts</p>	<p>Contact Person: Ou Xianning Phone: 13178900688</p>

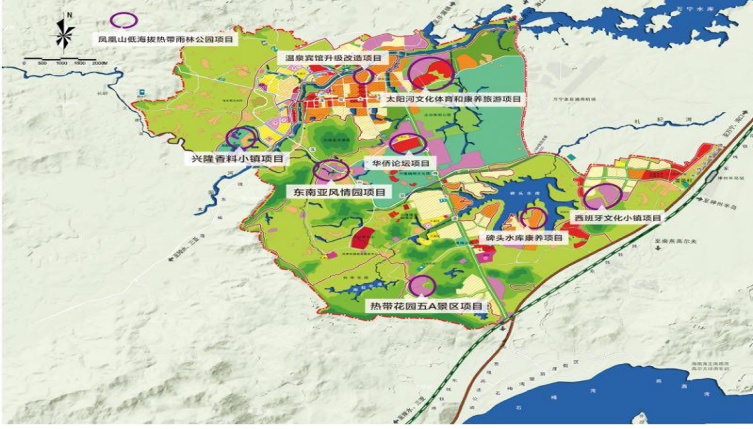

12. Wanning Xinglong Overseas Chinese Forum Project

<p>Project Name</p>	<p>Overseas Chinese Forum Project</p>
<p>Project Overview</p>	<p>First, project background: the Overseas Chinese Forum project aims to build a global cultural exchange center with overseas Chinese culture and coffee culture rolled into one. Second, land use scale and construction content: the project covers an area of about 330 mu according to planning. Global Overseas Chinese Cultural Exchange Forum Center—a global cultural exchange center is going to be built based on the local profound overseas Chinese culture and coffee culture. Large-scale activities, such as coffee culture exhibitions, international industry conferences, overseas Chinese forum and international coffee festival, will be held at the center to promote the development of peripheral industries. Integrated Service Center—a modern comprehensive tourist management platform that boasts cloud services, cloud management and cloud experience. Overseas Chinese Enterprise Headquarters Economic Zone—overseas Chinese enterprises will be brought in to promote emerging industrial projects to settle in Hainan.</p>

Project Site	The Xinglong Health Tourism Industrial Park, located between two core tourist cities of Hainan, is 174.5km away from the provincial capital Haikou in the north, 107.4km away from the famous tourist city Sanya in the south, and less than 100km away from the airport. The Hainan East Expressway and High-speed Railway run through the park.
Total Project Cost	About RMB1.5 billion
Cooperation Mode	Joint venture, cooperation, sole proprietorship

Contacts	Contact Person: Ou Xianning Phone: 13178900688

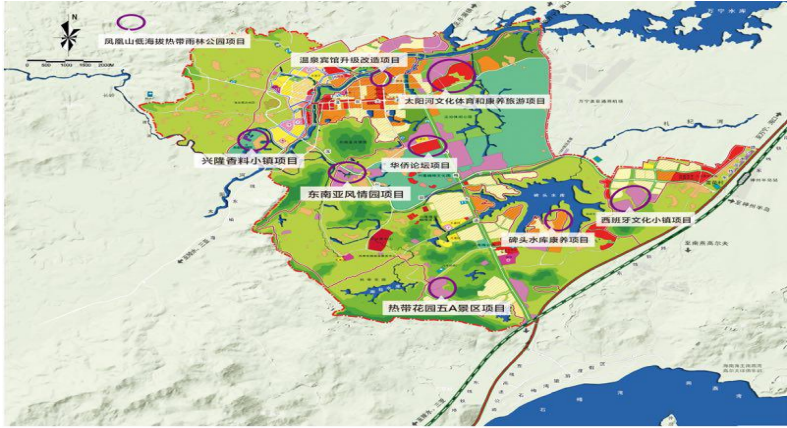

13. Wanning Xinglong Tropical Garden 5A-grade Scenic Spot Project

Project Name	Tropical Garden 5A-grade Scenic Spot Project
Project Overview	<p>First, project background: The Xinglong Tropical Garden consists of natural, cultural, agricultural and forest environments with the Nanwang Reservoir at the core. As a modern botanical garden used for sightseeing, leisure, scientific research and science popularization, it is a perfect combination of a tropical rainforest with an artificial garden. Second, land use scale and construction content: the project covers a planned area of about 6,000 mu with about 400 mu to be used for construction at the first phase. Third, project advantages: Close to the South China Sea, the project site has a tropical marine climate, or rather, a tropical monsoon climate, which brings sufficient illumination, abundant rainfall, warm air in winter and cool air in summer. Besides, the site has a unique landform, where there are excellent natural conditions for the reproduction of various living things. Xinglong Tropical Garden is not only a national prior tourism development project, but also one of the four demonstration bases for ecological education and a species gene pool designated by the</p>

	Chinese government.
Project Site	The project is located in the Xinglong Hot Spring Resort, about 3km away from the East Expressway Shimei Bay Exit and borders on the Copper Iron Mountain Nature Reserve.
Total Project Cost	About RMB1.5 billion
Cooperation Mode	Joint venture, cooperation, sole proprietorship
Panoramic Photo (Project Rendering)	
Contacts	Contact Person: Ou Xianning Phone: 13178900688

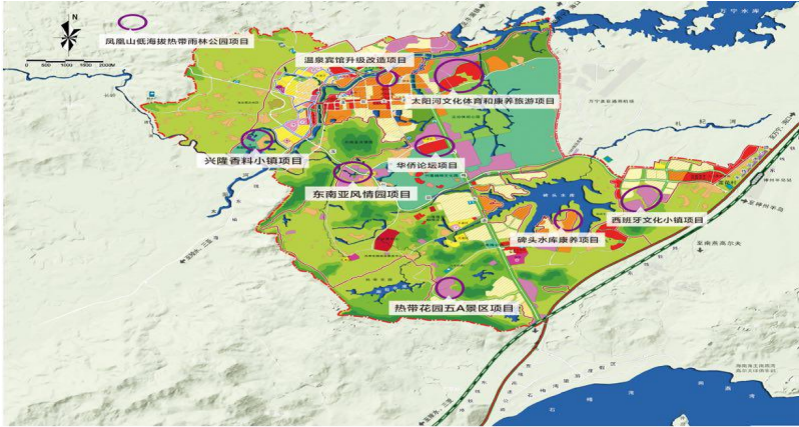

14. Wanning Xinglong Spice Town Project

Project Name	Xinglong Spice Town Project
---------------------	------------------------------------

<p>Project Overview</p>	<p>First, project background: The well-known fragrant plants in the Spice Town Botanical Garden include <i>Cananga Odorata</i>, the “king of flowers”, “vanilla”, the king of flavors, <i>Myroxylon balsamum</i>, one of the “cream spices”, clove, cinnamon, lemon grass and the ancient world-famous spice pepper. Second, land use scale and construction land: the project covers an area of about 650 mu according to planning. Third, project advantages: the Xinglong Perfume Town is built in order to promote the R&D and processing of spices as well as the plantation of southern herbs and ornamental plants and the building of a hot spring brand. Project advantages: it is a municipal key high-tech project approved by the Wanning City Government. Tourists can clearly see essential oil blended in the Blending Laboratory of the Pure Plant Essential Oil Experience Center. There are 36 professional nursing workers at the Experience Center. The beautiful, comfortable environment and oil fragrance can eliminate fatigue, balance emotions and relieve stress. The Xinglong Southern Herb Garden is a good place for scientific research, sightseeing and leisure.</p>
<p>Project Site</p>	<p>The Xinglong Health Tourism Industrial Park, located between two core tourist cities of Hainan, is 174.5km away from the provincial capital Haikou in the north, 107.4km away from the famous tourist city Sanya in the south, and less than 100km away from the airport. The Hainan East Expressway and High-speed Railway run through the park.</p>
<p>Total Project Cost</p>	<p>About RMB300 million</p>
<p>Cooperation Mode</p>	<p>Joint venture, cooperation, sole proprietorship</p>
<p>Panoramic Photo (Project Rendering)</p>
